

Table 2. Selection of FY 2002 Southeast harvest monitoring and traditional ecological knowledge proposals for advancement to the investigation plan stage by the Inter-Agency Technical Review Committee (TRC). The Target Budget Level for FY 2002 represent the total amount of unobligated funding in the FY 2002 base budget distributed according to existing regional and informational guidelines. Target Budget Levels for remaining years represent two-thirds of the original base budget for this region and information type after multi-year obligations for studies begun in 2001 are removed.

*a* This duplicates a portion of a study funded by U.S. Forest Service. However, the contracted investigator may not be able to complete this portion of the study.

*b* Studies 02-048 and 02-104 should be merged into a single investigation plan with investigators working as partners to accomplish this work. The average of the two budgets was used to generate the total budget estimate shown under "PROPOSED SELECTIONS".

*c* Studies 02-038 and 02-103 should be merged into a single investigation plan with investigators working as partners to accomplish this work. The average of the two budgets was used to generate the total budget estimate shown under "PROPOSED SELECTIONS".

*d* This proposal does not address a federal subsistence fishery.
